

Transportation Engineer

POSTING No. 201940

Come join our team! We are looking for a candidate that shares our corporate values of Honesty, Excellence, Team, Fun, Creativity and Respect. These values are second nature for the successful candidate and are demonstrated in their work and interactions with colleagues and the community.

Reporting to the Manager of Transportation, this position is responsible for maintaining current programs and the development of new initiatives related to the transportation engineering within the Town. This position will be the departmental representative at a number of external committees related to major transportation projects by the Ministry of Transportation, Halton Region and neighboring municipalities. This position will advance the municipality in areas of Active Transportation, Complete Streets and neighborhood traffic concerns and will represent the department at the required Council and Committees.

Accountabilities:

- Manage and comment on major internal and external transportation initiatives including the prioritization and project management of inquiries from the public
- Oversee and directly manage consultants on various for projects
- Direct technical staff as may be required on a project by project basis
- Oversee and provide guidance to staff regarding the Town's review and response to neighborhood traffic issues and meet with individual and resident groups as required
- Review and comment on Secondary Plans, Traffic impact studies and the Town capital program related to long term transportation impacts, active transportation, complete streets and multi-modal needs
- Act as the departmental representation on internal and external committees
- Undertake or oversee independent research into emerging transportation engineering trends and recommend changes to guidelines, standards and procedures
- Coordinate and provide advice to senior staff, developers and the public regarding transportation matters
- Manage Town initiated transportation studies and Municipal Class Environmental Assessments for road projects
- Provide professional advice related to developing and updating the Town's Development Charges By-law
- Organize and manage specific focus groups on transportation matters and chair meetings to successful outcomes
- Meet with community and special interest groups in a collaborative, results oriented manner
- Provide the highest standard of customer service for both internal and external customers of the department
- Perform other transportation related duties as assigned

You possess:

- Ten years of on the job experience in the transportation engineering field, preferably in a municipal environment
- Four-Year University Degree in Engineering
- Membership in the Professional Engineers of Ontario with a P.Eng. Designation
- Knowledge of current transportation engineering policies and practices
- Knowledge of the Municipal Environmental Assessment process related to transportation matters
- Ability to undertake traffic impact study analysis, traffic demand forecasting and long-range transportation network assessment
- Excellent communication skills, both written and verbal
- Ability to provide technical guidance to staff and the public
- Familiarity with OMB/LPAT process
- Valid Ontario Class G Driver's License with a clean driver's abstract. Supply of personal vehicle to perform duties

Compensation:

The salary for this position (35 hours per week) is \$84,693 - \$100,825 per annum.

Attendance at Council and evening meetings is required when necessary.

Application:

Qualified candidates may submit a detailed cover letter and resume in confidence to the Town by 4:30 p.m., September 27, 2019. Please quote Posting No. 201940 on your cover letter. Please apply using only **one** method of application below.
