

## **MPAC CONDUCTING ASSESSMENTS ON SECONDARY STRUCTURES**

Property owners are advised that the Municipal Property Assessment Corporation (MPAC) is conducting a 'data verification review' focused on secondary structures such as garages and pools. This means that identified property owners will receive a 'Property Assessment Change Notice' from MPAC followed by an additional or supplemental tax bill issued by the Town of Halton Hills.

The review for missed assessments is being undertaken for the years 2017 to 2019.

Property owners that disagree with the assessment may contact MPAC toll-free at: 1-866-296-6722.
