HELSON GALLERY:

The Community Collects » January 31 – June 3, 2018

The things we collect reflect our passions and say a lot about who we are. This exhibition pays tribute to the art of collecting with selections from the Helson Collection and works lent by local private collectors.

Au-delà des mers: Between Friends; Across the Seas: Entre Amis: » June 6 – July 7, 2018

This cooperative exhibition between the Canadian Society of Painters in Watercolour (CSPWC) and the French Watercolour Society (SFA), shares the passion that two countries have for the medium of watercolour. Discover how cultural differences and influences affect artistic styles in this not-to-be-missed international exhibition!

Teachers, check out our school programs!

The Helson Gallery can provide your students with a unique opportunity to view and create art at Halton Hills' premiere public art gallery. Building on our success of the past four years, the Helson Gallery now offers grade differentiated programming for grades 1 – 8.

Art Fundamentals for Grades 1 - 3:

The focus is on learning with fun art activities in the welcoming setting of the Helson Gallery. Combining a gallery tour and a take-home art project, students will develop their vocabulary for discussing and creating works of art. The elements of art will be introduced through works in a variety of media and styles by noted Canadian artists.

Expressions: Understanding and Analyzing Art for Grades 4 – 8:

Delve deeper into the elements and principles of art and the critical analysis process. Students will have the opportunity to express informed opinions about original works of art and express themselves by making a take-home art project in our studio space.
